Insulated Beverage Servers .....	30
Hydration Cart.....	31
Cool Base.....	32
Insul-Base .....	32
China Dishware .....	33
Bowls & Tumblers .....	34-35

# Delivering Client Satisfaction

Whether you are a long term or acute care facility Dinex helps put the pieces together. With the new healthcare reform taking place and hospital Medicare reimbursements being tied to patient satisfaction scores, more hospitals are re-evaluating how they can improve the overall patient experience.

Long term care facilities are encouraging community dining for a more social experience.

Dinex offers products and equipment for both of these needs. Their quality line of insulated ware helps maintain proper temperatures and the new TQ Tray Delivery Cart is engineered to provide exceptionally quiet tray delivery service.

MealtimEXpress is ideal for community dining in nursing homes and assisted living.

Dinex is dedicated to delivering an attractive, contemporary meal setting, enhancing food quality, safety and efficiency.

# Let Dinex Put The Pieces Together

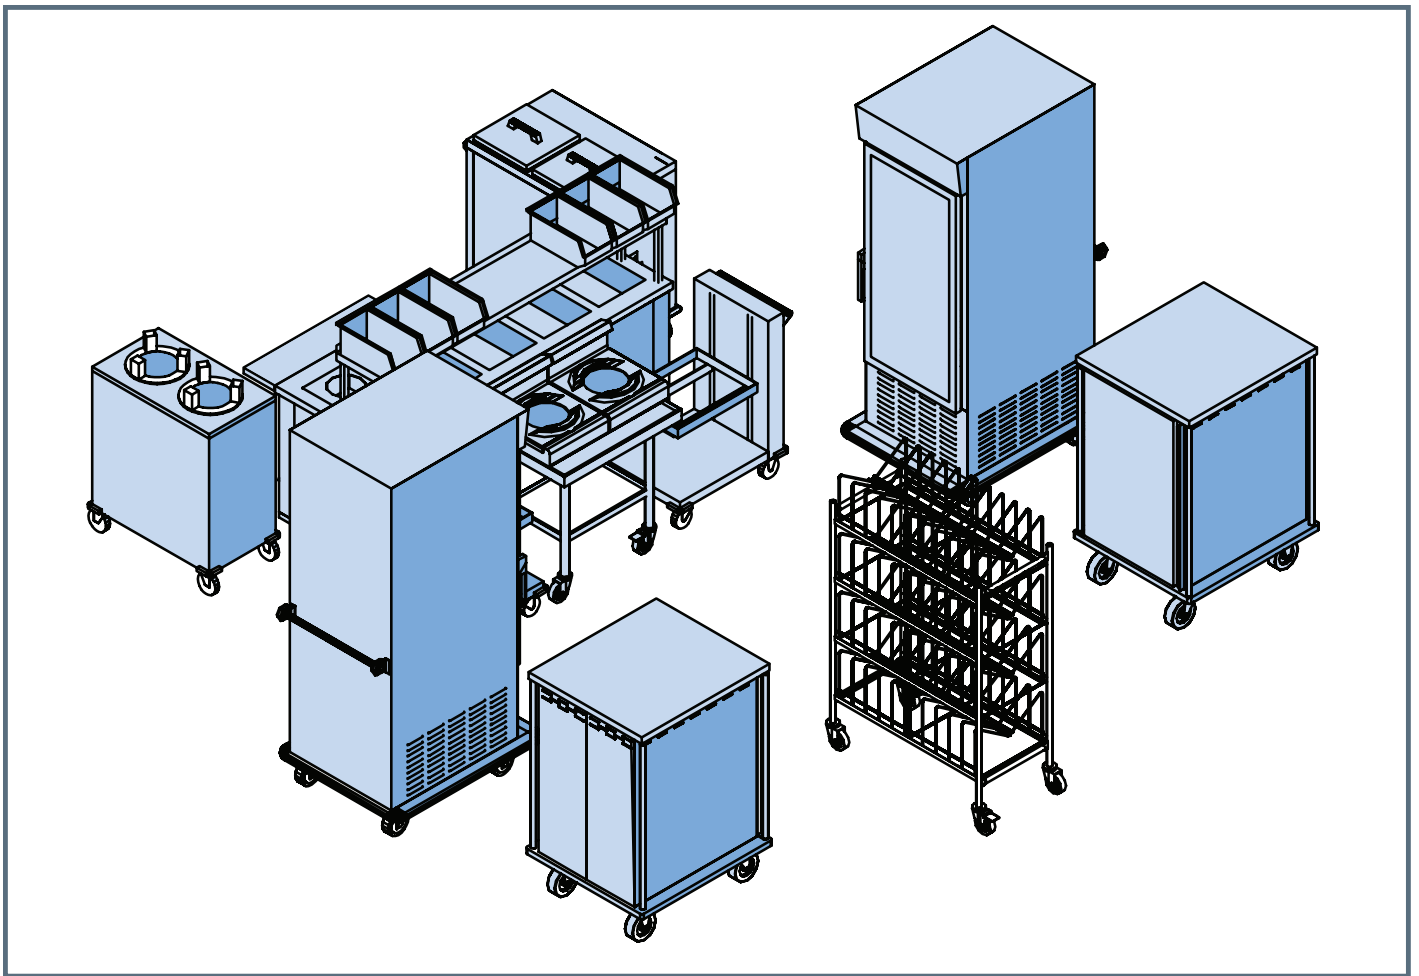

Looking to update your kitchen? Our experts can help with the complete solution for everything from POD systems, cook/serve to cook/chill. Dinex is the industry leader for healthcare meal service products and trayline equipment systems. Don't wait, call today to get the answers you need.

- Dinex can help you set-up the perfect system based on your space requirements and serving style
- Our extensive equipment offering can handle a variety of tray assemblies
- Contact your Marketing Associate for more information on the Dinex solution that will meet your needs

Visit [www.dinex.com](http://www.dinex.com) for a complete listing of Dinex equipment.

## POD System For Room Service & Host/Hostess System

The POD system makes meal assembly faster by replacing the traditional conveyor trayline with smaller assembly stations. Multiple POD groups can be set-up depending on the size of the operation. POD systems work for both acute and long term care facilities.

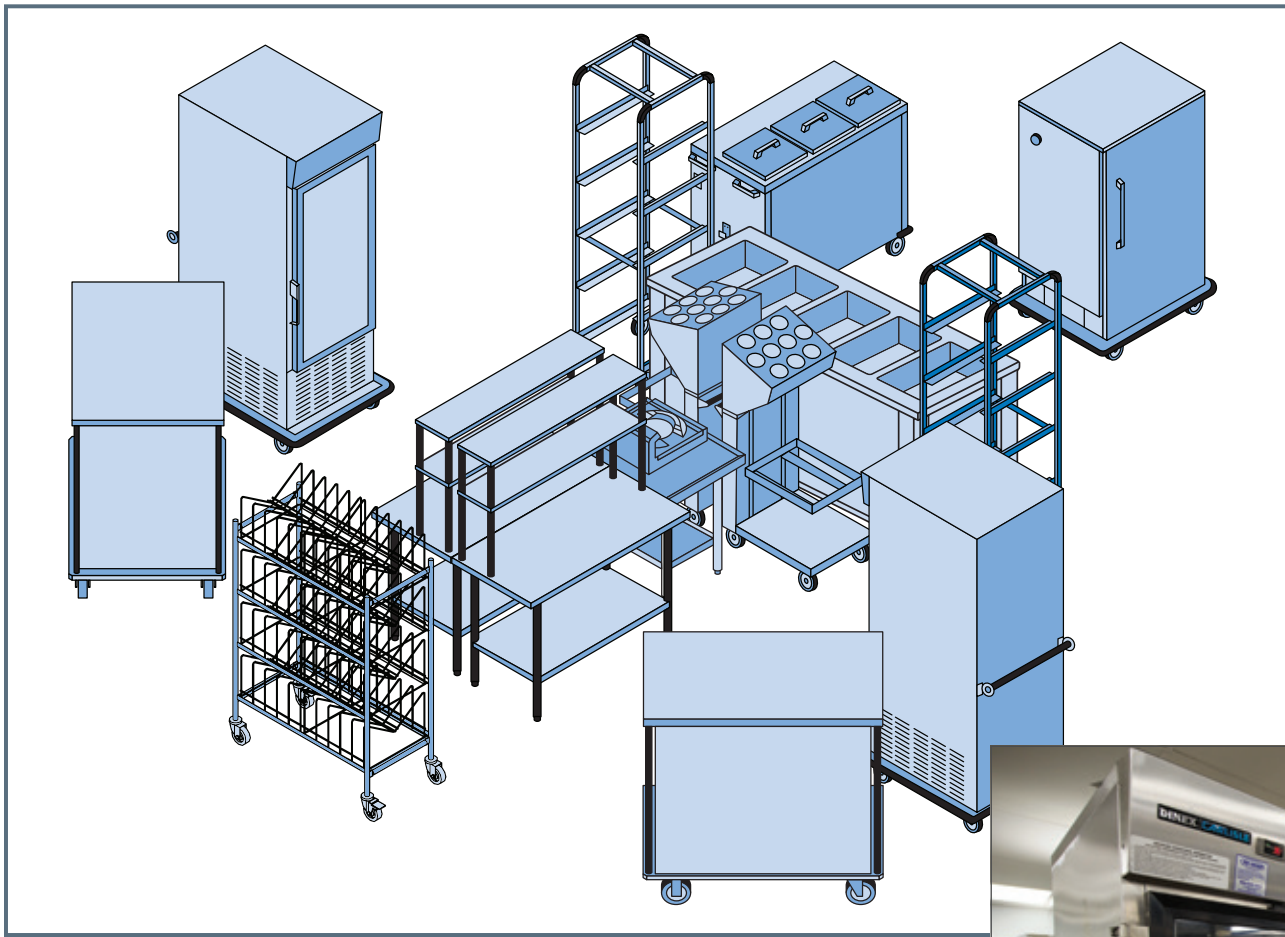

### Above set-up includes the following Dinex equipment:

- Hot Food Counters With Overshelf
- Convection Heated Plate Dispenser
- Induction Heater & Stand
- Plate Dispenser (unheated)
- Tray Dispenser
- Air Curtain Refrigerator
- Dome/Base Drying Racks
- Tray Delivery Cart

Contact your Marketing Associate for more information on the Dinex solution that will meet your needs.

## Cook/Serve POD Systems

This efficient set-up is perfect for room service applications in acute or long term care applications.

**Above set-up includes the following Dinex equipment:**

- Worktables
- Induction Charger Table
- Induction Heater
- Tray & Silverware Holders
- Hot Food Counters
- Convection Heated Plate Dispenser
- Heated Cabinets
- Air Curtain Refrigerator
- Dome/Base Storage Racks
- Tray Delivery Cart

Visit [www.dinex.com](http://www.dinex.com) for a complete listing of Dinex equipment.

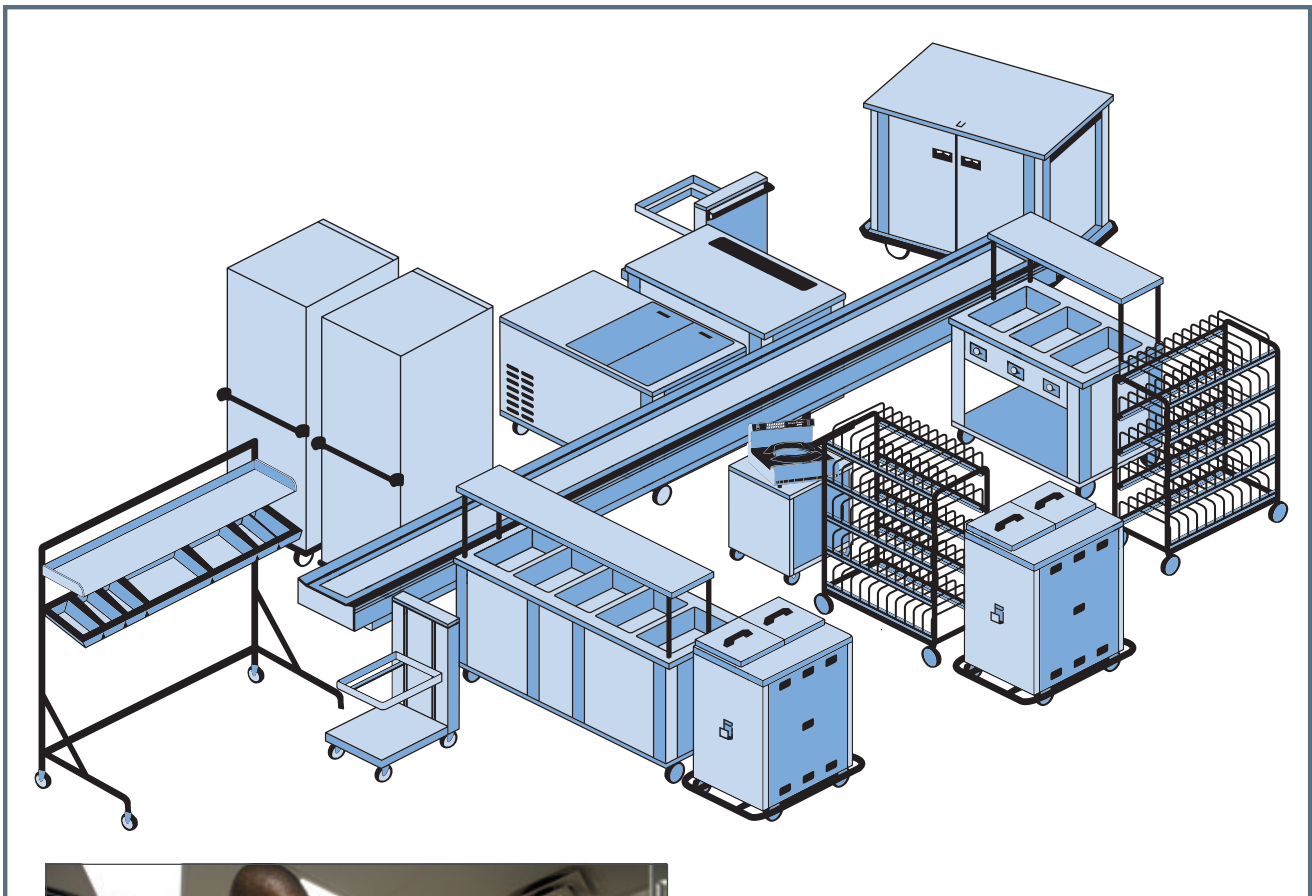

Contact your Marketing Associate for more information on the Dinex solution that will meet your needs.

## Cook/Serve Induction Conveyor Trayline

For traditional meal delivery conveyor systems primarily used for acute care facilities.

**Set-up below includes the following Dinex equipment:**

- Conveyor
- Starter Station
- Tray Dispenser
- Induction Heater & Stand
- Convection Heated Plate Dispenser
- Hot Food Counter
- Air Curtain Refrigerator
- Washrack Dispenser
- Base/Dome Storage Cart
- Milk Cooler
- Coffee Urn Station
- Tray Delivery Cart

Visit [www.dinex.com](http://www.dinex.com) for a complete listing of Dinex equipment.

# Acute Care

## Trust Dinex To Help Raise Patient Satisfaction Scores

With the new healthcare reform taking place and hospital Medicare reimbursements being tied to patient satisfaction scores, more hospitals are re-evaluating how they can improve the overall patient experience.

Dinex has a number of solutions to enhance patient satisfaction. They are the industry leader for healthcare meal service systems, as well as products for all areas of the hospital dining experience – cafeterias, doctors' lounge, retail dining and patient feeding.

### **Patient Satisfaction:**

- Dinex offers a variety of products designed to provide an attractive tray setting
- Quality insulated ware helps maintain proper temperatures
- New TQ Tray Delivery Cart is engineered to provide exceptional quiet tray delivery

### **POD System Helps Serve Patients Faster**

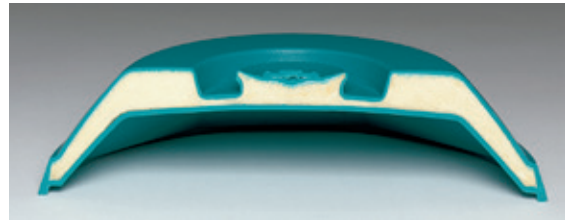

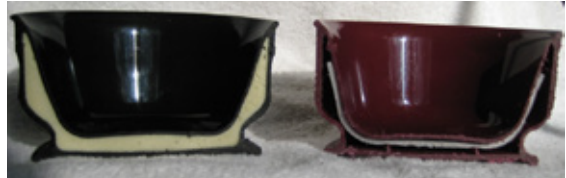

## Dinex Trayware Sets The Standard

Give your patients and guests the high quality meals and coordinated tray setting they expect.

- Best insulation – ozone safe, urethane foam filled domes, mugs, and bowls, better than the competition
- Dinex offers more insulated ware designs and colors than any other company
- Dinex domes have an easier grip handle than the competition

Dinex Insulated Ware - filled with ozone safe, urethane foam

## Dinex Delivers The Equipment You Need

Dinex products include high-quality trayline systems – stainless steel delivery carts, plate heaters, conveyors and refrigeration equipment. Dinex also provides state-of-the-art induction heating equipment and complete cook-chill rethermalization systems for bulk foods and also for individual patient trays.

Looking to update your food prep area? Don't wait, call today to get the answers you need.

For more information on the Dinex solution, contact your local Marketing Associate.

### Dinex Equipment Includes:

- Conveyors
- Starter Stations
- Tray Dispensers
- Induction Heaters & Stands
- Convection Heated Plate Dispensers
- Plate/Base Heaters
- Hot Food Counters
- Cold Food Counters
- Air Curtain Refrigerator
- Washrack Dispensers
- Base/Dome Storage Carts
- Milk Coolers
- Coffee Urn Stations
- Tray Delivery Carts
- Bulk Retherm Units
- Plate Dispensers
- Drying & Storage Racks
- Washrack Dispensers

## TRAY DELIVERY CARTS

### TQ Delivery Carts – The Quietest Solution To Tray Delivery

The new **MUST HAVE** product to help improve patient satisfaction scores. Everyone will appreciate the quiet meal delivery service this cart offers.

- TQ Double Tray Per Slide Carts are designed to hold: 12" x 19", 12" x 20", 12" x 22", 14" x 18", 13" x 21", 15" x 20", 1089RS03, 1089RS11, and 1089RS152003
- The TQ Single Tray Per Slide Carts hold same tray sizes as listed above plus the 16" x 22"
- Standard **5-1/4" tray height spacing**
- Features **heat release vented side panels**
- **Corner bumpers** and **vertical push handles** are standard
- **Gravity locking doors** with door stop
- **Slides** are light weight and snap out easily for cleaning
- **Interchangeable rack system** adjusts to accommodate different size trays
- **Carts can be customized** with additional options such as top rails, drains, and wrap around bumpers; contact your local Marketing Associate for details

#### TQ Carts have added noise reduction in the following areas:

- **Casters** – Gaskets have been added to the caster bearings for extra quiet rolling
- **Side Walls** – Hat channels run down the entire length of the cart sides keeping the side walls from vibrating
- **Rails & Ladders** – lock in tight so they don't move while rolling
- **Rubber Stops** – have been added to the front panels to prevent vibrations when opening and closing the doors

TQ Carts help cut down excess noise in hallways, reducing patient disruptions and encouraging more restful sleep.

## Non-Skid Trays

- **Save money and go green** – super grip surface eliminates the need for tray liners since even the heaviest items stay in place
- Non-skid surface printed with exclusive non-fading inks
- Molded-in, non-skid surface stays bonded to the tray and continues to perform even after years of washing
- **Stain, scratch and odor resistant**
- Sturdy fiberglass construction with reinforced edges to resist chipping
- Fits standard equipment
- Dishwasher safe and easy to clean; use non-metal brush for scrubbing
- Trays are NSF Listed and offer a 2 year warranty

Super grip surface holds trayware in place.

# INDUCTION BASE HEATING SYSTEMS

## Smart•Therm II features:

Boost feature allows Dinx base to be preheated and then reheated during delays in trayline operation

- Space efficient, countertop design with stainless steel housing, heavy duty electronic components and composite polymer material top
- Engineered for use in commercial kitchens
- User-friendly LCD display and control panel for ease of use and automatic power control
- Uses the interactive DX821 Series base from Dinx
- **Senses base automatically and gives the correct amount of heat to allow consistent temperature every time**
- Microprocessor monitors charging cycle time with base
- Automatic shut-off feature prohibits overheating
- Easy-to-clean composite top surface
- **Single unit works on all 208v, 220v and 240v 1 phase systems**
- Base cycle time ranges from 14 to 19 seconds depending on voltage supply
- NSF Listed

DX811220

\*Fluctuation in voltage may affect charging time.

The NSF Symbol assures you this product has been rigorously tested to comply with all standard requirements.

## Behind-the-scenes Service

DX821 Series

## Induction Bases

- Features a **built-in chip that relays information** to the heating unit
- Protects the base from over-heating or excessive cycling, which causes system failures and downtime for the trayline
- Base is made from high temperature rugged plastic and is seamless with no holes to intake water
- Contains internal phase change material similar to a wax base that allows lower energy input to hold longer
- NSF Listed

## PLATE HEATERS

### Colossus Convection Plate Heater

- Colossus Heated Plate Dispenser is designed for heating china plates (from 7" to 10.25" in diameter) to a temperature of 170°F in less than two hours
- Ideal for super heating of plates in conjunction with the Dinex Induction Heating System
- Features all stainless steel exterior and is available in 2 and 3 silo configurations—each with heavy duty casters, protective corner bumpers, programmable controller, and latchless hinged lids with safety catch
- NSF Listed

A simple controller allows one to easily adjust the plate or pellet silo cavity temperature setpoints.

Safety open lid catch prevents accidental lid closures.

# Long Term Care

New trends encourage community dining for a more social experience.

## MealtimeXpress Cart

The MealtimeXpress is ideal for community dining in nursing homes, assisted living, personal care homes, senior citizen centers, hospice care & hospital special units.

- **Serves up to 40 meals** depending on portion size and meal variety
- Versatile bulk service unit to help **maintain HACCP hot and cold temperatures**
- **Two models are available** - one unit with both hot and refrigerated compartments or second option with two hot compartments
- **Digital LCD Control Panel**
- All components **operate on 120v**
- Hardened polycarbonate protector guard with LED lamps
- Two individually controlled aluminum hot top surfaces with isolation strips to prevent heat transfer to adjacent parts
- Manually controlled hot tops and lamps
- Sliding internal cassettes and easily accessible interior service components
- Smooth coved food cavities to provide easy cleaning
- MTX utilizes thermal profiling technology to achieve equal temperature distribution throughout the compartments
- Four, 6" caster configuration, (4) swivels located at corners, allow zero turning radius

Stainless steel panels come standard. A variety of optional laminate panels are available. Please visit Wilsonart®\* at [www.wilsonart.com](http://www.wilsonart.com) to make your selection.

Serving  
**Convenience**

## MealtimeXpress Transfer Dolly

- The Transfer Dolly with Easi-Roll™ cassettes, allows bulk foods to be prepared in any remote assembly application and transferred to the MealtimeXpress cart
- The dolly features a simple release mechanism to transfer loaded cassettes into the cart bays
- Insulated, vinyl cart cover is available

\* Wilsonart is a registered trademark. Dinex is not associated in any way with Wilsonart.

## MealtimeXpress Support Cart

The Support Cart is an important companion to the MealtimeXpress cart & provides all the necessary utilities for serving & transporting supplies.

- Support Cart features convenient bins and shelving for supplies
- There's a generous amount of "working space" on top for trays, coffee urns, etc.
- Constructed of premium quality, maintenance-free stainless steel with rugged casters and push handle
- Cart can be configured with an optional drop down end shelf and convenience outlet
- Four, 6" caster configuration, (4) swivels located at corners, allow zero turning radius

## Fiberglass Trays

- **Durable serving trays** are molded from sturdy fiberglass
- **Metal reinforcing rods** provide extra strength and eliminate warping
- Two thick reinforcing fiberglass core mats add strength and provide increased chemical resistance
- **Trays can be customized**, or choose from seven decorator colors to coordinate with other Dinex products
- Use with Dinex decorator traycovers & napkins, or choose from the holiday theme collection
- Use with Dinex tray dispensers

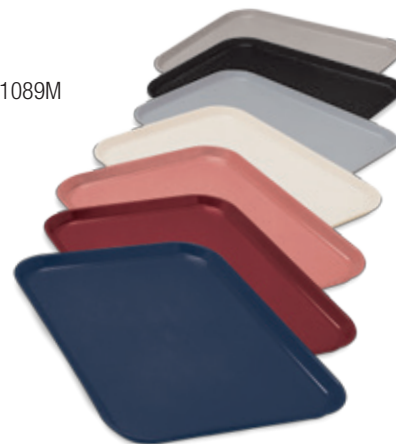

### Fiberglass Tray – 5 Year Warranty

Dinex warrants all of our Fiberglass (Glasteel) Trays for 5 years from the date of original purchase against breakage arising from normal use and service.

The NSF Symbol assures you this product has been rigorously tested to comply with all standard requirements.

## DINE<sup>X</sup>PRESS<sup>®</sup>

DineXpress is perfect for dining halls and cafeterias or anywhere you want an upscale dining experience. DineXpress counters offer a wide variety of options and accessories, from decorative Protector Guards (sneeze guards) to customized shelves, tray slides and cutouts.

Counter styles and sizes range from a simple cashier stand to a customized buffet unit with cold well, soup wells, and self-leveling plate and tray dispensers.

## Serving **Stylishly**

Counters are configured quickly, using the innovative EZ-Connect latching system. Attach or disconnect with a simple squeeze of the latch.

Adjustable NSF Listed  
Sneeze Guards

Access panels along base of unit can easily be removed to level unit.

**Easy Service Access:** No need to remove the well for service as the heating element slides out from underneath.

Stainless steel counter tops and panels are standard, but you can also choose from a virtually unlimited number of panel textures, countertop materials and accessories to create the look you want.

## DineXpress Hot or Cold Food Counters

- Available from 2 to 6 wells
- **Cold food counters are the most versatile and adaptable accessory on the serving line**
- Hot counters can include optional induction countertop
- Counters are mobile with heavy-duty 5" casters (two locking) with stainless steel base-skirting available

### Options Include:

- Refrigerated or ice well units
- Heat-in-Base or Cold Storage Base available
- Versatile hot top serving counter features extra storage capacity for pans or pre-packaged hot foods
- Stainless steel hot top with optional heat and light fixture
- Stainless or custom coated protector guards (sneeze guards)
- Tray slides and under-shelf available

### Adjustable Sneeze Guards For More Serving Options:

- **Fully adjustable guards can be set-up for self-serve buffets or server style dining**
- Available in a variety of styles
- Made of break-resistant polycarbonate
- NSF Listed

Contact your local Marketing Associate for more information.

Optional Induction Counter Cooktop.

Sneeze Guards are available with lighting and/or heat fixture, and can be adjusted for self-serve or server style dining.
